EXPERIENCES

Information Security Analyst | July 2024
AIG (Job Simulation)
- Completed a cybersecurity threat analysis simulation for the Cyber Defense Unit, staying updated on CISA publications.
- Researched and understood reported vulnerabilities, showcasing analytical skills in cybersecurity.
- Drafted a clear and concise email to guide teams on vulnerability remediation.
- Utilized Python skills to write a script for ethical hacking, avoiding ransom payments by bruteforcing decryption keys.

Security Analyst | July 2024
Mastercard (Job Simulation)
- Completed a job simulation where I served as an analyst on Mastercard's Security Awareness Team.
- Helped identify and report security threats such as phishing.
- Analyzed and identified which areas of the business needed more robust security training and implemented training courses and procedures for those teams.

Cybersecurity Generalist | July 2024
Commonwealth Bank (Job Simulation)
- Completed a job simulation involving the role of a cybersecurity generalist, specializing in fraud detection and prevention for Commonwealth Bank's Cybersecurity team.
- Developed skills in building data visualization dashboards using Splunk to uncover patterns and insights in historical customer data, aiding in fraud detection.
- Demonstrated the ability to respond effectively to cybersecurity incidents, including notifying relevant teams, collecting information, containing and stopping attacks, and aiding in recovery efforts.
- Enhanced security awareness expertise by designing infographics promoting best practices for secure password management, following Australian Cybersecurity Centre advice.
- Acquired practical experience in penetration testing, assessing the security of web applications, identifying vulnerabilities, and providing recommendations for remediation to bolster cybersecurity defenses.

Data Security Analyst | July 2024
JPMorganChase (Job Simulation)
- Analyzed a large dataset focused on fraud within financial payment services, identifying key patterns and trends to assist in fraud detection efforts.
- Gained knowledge of application security fundamentals and successfully implemented best practices on my own website to enhance security measures.
- Developed an email classification system to differentiate between spam and legitimate emails, utilizing machine learning techniques to optimize accuracy.
- Designed and developed a robust system aimed at tightening access to sensitive information, collaborating with team members to ensure effective implementation.

Campus Spaced-Repetition Ambassador | July 2024 – Present
RemNote
- Currently part of the Campus Spaced-Repetition Ambassador Program.

Co-Head | September 2024 – Present
CODEX Committee, College of Computer Studies Executive Council, Mindanao State University – Iligan Institute of Technology (MSU-IIT)
- Contributed and facilitated to the success of We.ekHack 2024, a Competitive Programming Competition for students in Iligan City.
- Technical for both College of Computer Studies Pasundayag '24 and MSU-IIT Palakasan.

Oral Presenter | September 2024 – Present
International Conference on UN Sustainable Development Goals and Social Innovation (ICUNSSI) 2024
- Chosen as one of the Oral Presenters for our Research Study "Offline Chatbot for Elementary School Mathematics with Document Embeddings and Retrieval" for the ICUNSSI 2024.

Member Engagement and Relations Officer | January 2025 – May 2025
Relations Department, The Tesseract Organization
- Participated in a virtual meetup with Dev8 and Valarx Projects to discuss tech, collaboration, and regional innovation.
- I successfully established The Tesseract Organization as a community partner with AWS User Group BuildHers+ Philippines, fostering collaboration and innovation in the tech industry.
- I played a significant role in networking and personally inviting female speakers that are part of StellarPH'S PH100 for Women's Month 2025.

Campaign Officer | January 2025 – May 2025 – Present
Relations Department, AWS User Group BuildHers+ Philippines
- I contributed to the success of the AWSUG BuildHers+ Summit Event for Women's Month by creating sponsorship letters to various companies such as Tutorials Dojo and more.
- I successfully established AWS User Group BuildHers+ Philippines as a community partner with The Tesseract Organization, fostering collaboration and innovation in the tech industry.

Software Quality Assurance | February 2025
Start-up in Iligan City
- A chosen trainee for a Start-up in Iligan City, tasked in both website testing and the creation of comprehensive documentation to support the testing process.

Marketing & Communication | June 2025
NSW Government (Job Simulation)
- Completed a job simulation focused on marketing & communications at NSW Government
- Developed a communication plan for an advertising campaign
- Wrote a newsletter for staff at an agency

Product Management | June 2025
Electronics Arts *EA* (Job Simulation)
- Completed a job simulation where I developed a solid understanding of different KPIs, and selected the most appropriate KPIs for measuring and assessing specific business problems related to a strategy RPG mobile game.
- Demonstrated my knowledge of key performance indicators within the video game industry.
- Broke down tasks for creating a data-driven video game presentation.
